CAREER OBJECTIVE

Motivated and adaptable student seeking internship opportunities to gain practical experience, develop professional skills, and contribute meaningfully to organizational goals. Open to working in diverse roles and industries, with a strong willingnes

WORK EXPERIENCE

AI ML Intern • Internship   Oct 2024 - Nov 2024
IBM Skills Build, Virtual

EDUCATION

B.Tech, Computer Science & Engineering   2023 - 2027
B V Raju Institute Of Technology - BVRIT

CGPA: 8.76/10

Senior Secondary (XII), Ssc   2023
Resonance Junior College

Percentage: 95.30%

Secondary (X), Ssc   2021
Bhrungy International School

CGPA: 10.00/10

TRAININGS / CERTIFICATIONS

Mastering Data With Machine Learning   **PROGRAMMING Essentials IN PYTHON C, C++**
Oct 2024 - Nov 2024   Oct 2023 - Nov 2024

IBM Skills Build, Virtual   Cisco networking academy, Virtual

PROJECTS

Driver Fatigue Detection System ↗   **Chronic Kidney Disease Prediction Model**
Sep 2024 - Mar 2025   Oct 2024 - Nov 2024

A real-time driver drowsiness and fatigue detection system using MediaPipe, OpenCV, and Python — capable of identifying signs like closed eyes, open mouth, and critical fatigue states. Alerts are triggered using sound alarms based on eye and mouth activity.

Completed a 6-week AI-ML internship focused on developing a Chronic Kidney Disease Prediction model, gaining hands-on experience in data preprocessing, feature engineering, and handling missing values to enhance model accuracy.

SKILLS

- Social Media Marketing
- HTML
- Python
- CSS
- Creative Writing

- Digital Marketing
- English Proficiency (Written)
- C Programming
- Time Management

- English Proficiency (Spoken)
- Java
- HTML 5
- Creativity
